

Infinite Founder and Chairman Sanjay Govil Wins Gold Stevie Award in 2019 International Business Awards

ROCKVILLE, Md., August 28, 2019 – [Infinite](#), a technology company and leading provider of digital transformation solutions, announced today that its founder and chairman, Sanjay Govil, was named the winner of a Gold Stevie® Award for “Entrepreneur of the Year” in the business and professional services category in the 16th Annual International Business Awards®. The award recognizes Govil’s outstanding achievements as a visionary leader and serial entrepreneur, having founded multiple successful businesses across the globe.

“My goal is to help organizations around the world achieve their business transformation objectives, improve efficiencies and remain leaders in their respected markets,” said Govil. “It’s an honor to be recognized for my entrepreneurial journey and commitment to customer success, but this award goes much further than my own accomplishments. It’s a proof point of the innovative team that we’ve built which encompasses some of the best minds in the industry who continuously develop breakthrough solutions that solve our clients’ unique business problems and position them for explosive growth.” The International Business Awards is the world’s premier business awards program. Gold, Silver and Bronze Stevie winners were selected from more than 4,000 nominations received from organizations and individuals in 74 nations and territories. Stevie Award winners were determined by the average scores of more than 250 executives worldwide who participated in the judging process from May through early August.

“The IBA judges from across the world were highly impressed with the nominations they reviewed this year. With the level of achievement documented in the nominations from 74 nations, the Stevie Awards are proud to honor organizations that demonstrate a high level of achievement in a variety of industries,” said Michael Gallagher, president and founder of the Stevie Awards. “We received more nominations than ever and look forward to honoring the Stevie winners at our gala in Vienna, Austria this October.”

Currently, Govil is the founder and chairman of both [Infinite](#), a technology company and leading provider of digital transformation solutions, as well as [Zyter](#), the leading provider of a complete, end-to-end collaboration platform that leverages the power of the connected enterprise to deliver superior digital experiences. Under Govil’s strategic, forward-thinking leadership, both Infinite and Zyter have experienced significant growth over the last year. Infinite has more than 7,400 employees globally and serves some of the world’s most innovative brands including Fortune 500 companies. Additionally, in less than three short years, Zyter is already established in six major industry verticals including healthcare, education, events and media, transportation, government and BFSI (banking, financial services and insurance). The rapid success and adoption of the platform is driven by Zyter’s advanced custom user interface (UI) complete with easy-to-build apps and open API access, which provides customers with the tools they need to meet their specific business needs and reflect their brand to stakeholders seamlessly.
